Subject — L T Scholarships of 1903

Letter No 5020/165 D. the 9th Dec 1902 from the Dfl of Education in Mysore

The Dfl thinks that for some time to come the two L T scholarships awarded each year (of the Value of Rs 25 a month) may be held in abeyance He states that there are at present 14 L T's in the Department three of whom are drawing small pay Besides these three are three more L Ts who are arth out any employment

He proposes to utilise the provision of the two scholarships of 1903-04 (current year) for awarding 10 normal scholarships of the Value of Rs 5 each, 5 of them being tenable ~~in the~~ in the female Normal school conducted by Miss A B Cooke of the Wesleyan Mission, and the remaining 5 in the male Normal school conducted by Rev H Mosh The proposal is made to aid the two aided training

training institutions and to employ the teachers so trained, in the aided Mussalman schools

Thus a transfer of funds from the head 'scholarships' to 'grants-in-aid' is involved

The draft calling for information as above was issued (vide Docket No. G 3320/Ed dated 2-1-04)

The I.G. of Education, in reply, states that Normal Scholarships for training teachers for the L.T. Degree Examination have sometimes been given to teachers of

of Aided Schools in Mysore and that they are not restricted to teachers of Government schools (The enquiry was made, it should be remembered, about the grant of stipends to teachers (who belong to Aided schools) to enable them to undergo Normal training in the normal schools established by the Wesleyan Mission (in the case of the girls')

The DPI further states that "in Madras "there are 1257 Scholarships given "every year from Provincial funds "for the training of teachers As "there are very few Government "institutions in Madras below the "grade of colleges, nearly all these "stipends are given to teachers of "Aided, Municipal or Local Fund "schools"

As regards the practice obtaining in Bombay the DPI states that "most or all of the Vernacular "schools are Local Fund Board "schools and teachers from these "schools are paid stipends from "Provincial funds and trained in "training Colleges maintained from "the same funds"

The scholarships recommended by the DPI (at Rs 25 for each of the two private training institutions are of the nature of aid to be

to be granted to these institutions from the Provincial Funds. The Dpt's recommendation seems to be based on the idea that if teachers of aided schools be also trained as the teachers of Govt schools, better instruction would be imparted in aided schools also

To

H V Vanyumdayya Esq Ma, M L,
Secretary to the Government of Mysore,
General and Revenue Departments,
Bangalore.

SIR,

With reference to the two Normal Scholarships given every year to enable graduates of Mysore to study for the L T Examination in the Teachers' College, Madras, I have the honour to inform you that there are at present 14 L T's in the service of the Education Department, and there are three more who were helped with scholarships by the Mysore Government but who are unemployed. Of the 14 men now in service, one is in receipt of a monthly salary of Rs 25, another gets Rs 30, a third is a clerk on Rs 40, and a fourth man gets Rs 40-2-50. Until these four men as well as the three unemployed graduates are provided with

suitable appointments on adequate pay, I would recommend that the Normal scholarships may be kept in abeyance I have accordingly not invited applications for the scholarships this year

2. In place of one of the Normal Scholarships for graduates of this year, I recommend that a monthly grant of Rs 25 for five scholarships of Rs 5 each tenable for a year from 1st January 1903 in the female Normal School conducted by Miss A B Cooke of the Wesleyan Mission may be sanctioned. In this school girls are prepared for the Teachers Certificate Examinations of Mysore and they are employed in aided Wesleyan Mission Girls' Schools in Mysore The Mission bears now the whole cost of their boarding and education - As Government grant scholarships of Rs 5 to teachers of Government schools who are under training in the Government Normal Schools, similar scholarships may be sanctioned for the Wesleyan Mission Training School for girls.

Question clear

3 Similarly in place of the second Normal Scholarship for Graduates of this year I recommend that a grant of Rs 25 a month to provide five scholarships of Rs 5/- each tenable for a year from 1st January 1904 in the Wesleyan Mission Normal School, Mysore for male teachers may be sanctioned. The young men trained in the Normal School

Do (1)

which is in the charge of Rev W. H. Thorp are employed in Wesleyan Mission Aided Schools in Mysore

4 Monthly grants for scholarships tenable in the schools of Miss Cooke and the Rev W. H. Thorp were recommended in my letter No 9152/319 dated 21st April 1903 with which I submitted a list of new monthly grants required in 1903—1904, but they were not sanctioned If the above proposals are sanctioned, I request that I may be authorised to include the proposed monthly grants for the Normal scholarships in the list of sanctioned grants in the budget of 1904—1905

11) The DPI's remarks —

The application is for scholarships of Rs 5 each for 10 girls under training The trained girls will serve as mistresses in the Mission Girls' schools in Mysore The Mission bears the whole cost of education and boarding and lodging and applies only for practice in teaching and drawing etc

P.T.O

for scholarships at the rates sanctioned for male teachers in the Government Normal schools The Mission Normal class takes the place of ~~the~~ a female Govt. Normal school and the aid applied for is very moderate Miss Cooke hopes she will be able to train Hindustani mistresses from next year for Government schools Her efforts deserve every encouragement

11) The D.P.I.'s remarks —

The school was started in 1901 Mr Thorp says that the pupils of this school attend the classes in the Govt Normal school, Mysore, but reside at the Hardwicke College, Mysore, where they receive additional Normal training and are given facilities for practice in teaching and drilling etc —

P.T.O.

The pupils are all teachers who have been employed in mission schools in the State and who have been sent to Mysore for a years' training. Six pupils entered the school in 1901 and 6 more in 1902 and it is thought probable that the same no on an average would be admitted year by year Mr Thorp requests that a scholar-ship grant of Rs 30 a month at Rs 5 per pupil may be sanctioned, all other expenses of boarding and tuition being borne by the mission As the teachers trained work in the aided mission schools, I have great pleasure in recommending the scholarship grant All Government teachers are given scholarships of Rs 5 in Normal schools
